MD NAYEEM HOSSAIN

Full-Stack Java Developer

+88 01515 666 542 • hossainmdnayeem45@gmail.com • linkedin.com/in/mdnayeem1 • github.com/md-nym • Dhaka, Bangladesh

PROFESSIONAL SUMMARY

Full-Stack Java Developer with 1+ years of experience building scalable enterprise solutions using Java 17, Spring Boot 3.x, and Angular. Proficient in developing microservices for healthcare and HRMS platforms, with a strong focus on AI-augmented development workflows (Cursor AI, Vibe Coding) and RAG-based chat assistance integration. Demonstrated success in reducing deployment cycles by 40% and hardening application security using OAuth 2.0/JWT.

TECHNICAL SKILLS

Languages:	Java 17/21, TypeScript, JavaScript, SQL, HTML5, CSS3
Frameworks & Libraries:	Spring Boot 3.x, Spring Framework, Spring AI, Hibernate, Angular, Bootstrap
AI & Productivity:	Cursor AI, Vibe Coding, RAG Architecture (LLM Integration), MCP Client/Server
DevOps & Databases:	Docker, PostgreSQL, Maven, Git/GitHub, JWT, OAuth 2.0, Jira
Architecture:	Microservices, RESTful API Design, Agile/Scrum, Containerization

PROFESSIONAL EXPERIENCE

Junior Software Engineer | **eGeneration PLC** *Feb 2025 – Present • Dhaka, Bangladesh*

- Engineered and maintained 10+ microservices for eG-Health and eG-HRMS platforms using Java 17 and Spring Boot 3.x, achieving a 40% reduction in deployment time through containerization.
- Enhanced security across 2 enterprise applications by implementing JWT and OAuth 2.0 authentication, eliminating unauthorized access vulnerabilities.
- Leveraged Cursor AI and Vibe Coding methodologies to accelerate code generation and refactor legacy modules, boosting sprint velocity by ~20%.
- Contributed to Agile/Scrum ceremonies via Jira, ensuring 95% on-time sprint delivery with rigorous code review standards.

Java Developer Intern | **eGeneration PLC** *Nov 2024 – Jan 2025 • Dhaka, Bangladesh*

- Designed and deployed 15+ RESTful APIs for a healthcare platform using Spring Boot and Hibernate ORM, enabling seamless CRUD operations and complex business logic.
- Prototyped a RAG-based AI chat assistant for internal documentation queries, improving developer onboarding efficiency.

PROJECTS

Payroll Management System | *Angular · Spring Boot 3.x · MySQL · Java 17*

- Architected a full-stack payroll solution with employee lifecycle management, automated payroll calculations, and dynamic benefits administration.
- Developed scalable RESTful APIs using Spring Boot 3.x for high-volume data processing and complex financial logic.
- Utilized Cursor AI for rapid Angular UI component scaffolding, significantly reducing front-end development time.

EDUCATION

IsDB-BISEW IT Scholarship Programme *Nov 2023 – Oct 2024*

Diploma in Enterprise Systems Analysis & Design (Java EE) • Dhaka, Bangladesh

- Specialized in Enterprise Java (JEE), Spring Framework, and modern software architecture patterns.

University of Dhaka *Aug 2014 – May 2019*

Bachelor of Science • Dhaka, Bangladesh

CERTIFICATIONS & CONTINUOUS LEARNING

- Web and Mobile App Development using Spring Boot, Android and Flutter — IsDB-BISEW
- Self-Directed Study: Advanced RAG Architectures, MCP Protocol Implementation, AI-Assisted Development Workflows (Cursor / Vibe Coding)
